

At 8pm on Sept 21st our speaker will be Vanda Ralevska.

For details on her photography, her own webpage says it best:

The presentation for us will be:

The Scenic Detours

Many times my photographs are a response to the moment in time that I find myself in, however quite often I like to focus on a particular subject. Over time I realised that only one image is not enough to reflect the way I see and feel about the world around me. Therefore, in recent years I have been focusing on working in projects rather than capturing individual images. In my presentation I will be discussing my ongoing photographic projects and how they help in developing a personal view.
